

Emily's Website!

This website looks really great! The font, colors and aesthetic are exactly like I had envisioned.

A few notes that I have on the website (they are all pretty minor/easy to fix!):

- I think some of the photos are a little bit blurry and it may help to either find higher res replacements (though I do think all the photos you chose are great) or make them smaller? I like how they look when larger but if there can't be replacements this might be the only way to fix that

I love that you said you're going to add speech bubbles to the images with each character's famous quotes.

- Quotes you can use:
  - Rachel: It's not that common, it doesn't happen to every guy, and IT IS A BIG DEAL!
  - Phoebe: They don't know that we know they know we know.
  - Monica: I KNOW!
  - Ross: We were on a break!
  - Chandler: I'm not great at the advice. Can I interest you in a sarcastic comment?
  - Joey: How you doin'

Other than that, you're on the right track and the website is looking great!! I don't have any large or nitpicky comments really. I especially love the way you made the buttons change colors when hovered over and when in an active state.
